Resurfacing Project on IL 59 from Barrington Road to Higgins Road

CHICAGO – The Illinois Department of Transportation (IDOT) announced that lane closures will take place on Illinois 59 between Barrington Road and Higgins Road, in Barrington, Barrington Hills and South Barrington, beginning, weather permitting, the week of Monday, April 10. The closures are necessary for a resurfacing project on Illinois 59.

In order to complete the work, daytime lane closures will take place on Illinois 59 from Barrington Road to just north of Higgins Road. Illinois 59 will be reduced to one lane with flaggers during construction activities. The closures will avoid off-peak traffic times when possible.

The scope of the project consists of resurfacing and patching. The project is expected to be completed in Summer 2017.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
